RESOLUTION

RESOLUTION OF SUPPORT FOR SMART SCALE

TRANSPORTATION FUNDING APPLICATIONS

WHEREAS, in an effort to ensure the best use of limited transportation funds, the Commonwealth has established a transportation funding formula via House Bill 1887 and a prioritization process via House Bill 2 (HB2), a process now called Smart Scale; and

WHEREAS, there are two main pathways to funding within the Smart Scale process the Construction District Grant Program and the High-Priority Projects Program; and

WHEREAS, in 2015, James City County adopted its update to the Comprehensive Plan, *Toward 2035: Leading the Way*, which included transportation as a priority focus area; and
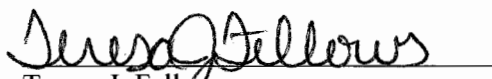

WHEREAS, the adopted Comprehensive Plan identified almost $217 million in needed investment in the County's transportation system.

NOW, THEREFORE, BE IT RESOLVED that the Board of Supervisors of James City County, Virginia, expresses support for submitting an application for funding for the Pocahontas Trail Improvements and the Longhill Road Bicycle/Pedestrian Path projects through the Smart Scale process.

James O. Icenhour, Jr.
Vice Chairman, Board of Supervisors
