H. PUBLIC HEARINGS

1. FY 2012 County Budget

Mr. Middaugh stated that he had some announcements for individuals who wished to speak on behalf of the Big Brothers Big Sisters and the Historic Triangle Senior Center (HTSC). He stated that he wished to address those items due to misinformation that has circulated through the community. He noted that the Big Brothers Big Sisters contribution was allocated to the Social Services Division budget in order to allow that division to buy the services provided by Big Brothers Big Sisters. He stated that the only change would be that the organization would become a contract vendor to the County rather than a donation recipient. He stated that the Social Services Director had corresponded with the Director of the organization and understood that it was amicable to both parties. He stated that Big Brothers Big Sisters would be compensated for the services provided and gave the County accountability for the funds spent.

Mr. Middaugh commented on the HTSC funding. He stated that the County recognizes the senior population as an important facet of the community. He stated that the Senior Center at the Community Center was not closed as part of the County Administrator's budget. He stated that the proposal was to increase the contribution to seniors. He stated that the proposal would provide for a more efficient use of County tax dollars at the Center. He stated that the HTSC would still be able to use the senior lounge at the Community Center for free, but the space would need to be scheduled to increase efficiency. He stated that office space would be provided at no cost and no operations would be changed. He stated the proposal allocated \$20,000 from the HTSC contribution to the Parks and Recreation Division to provide additional services throughout the community. He stated that in each budget year, funding was evaluated for all County agencies and outside

agencies to see how it was being spent. He stated that in this cycle, the Executive Director of the HTSC was not responsive to requests that were made to expand services to seniors. He stated that there were no other partner agencies that receive space for no cost. He stated this would provide consistency between the HTSC and other agencies in the County. He stated that most of the funding was used for staff costs, but programming was largely undertaken by volunteers. He stated that other regional partners had little or no involvement, but the seniors from those localities were attending the HTSC. He stated that he has asked Parks and Recreation staff to use the funds to provide additional services to seniors where they reside rather than at the HTSC. He stated that whatever the HTSC chooses not to do, the County would assume the responsibility to ensure that there is no lapse of services.

Mr. Middaugh stated that the proposed budget was the second year of a biennial budget. He stated that no tax rate increase was proposed and no recurring expenses were proposed. He stated that any enhancements of services would result from reallocating funding. He stated that in the next biennium, a reassessment would have to be done with the expectation of a loss of valuation in FY 2013-2014 between three and four percent. He stated that the budget proposed reductions in spending and increases in debt reserve to maintain services through this decrease in revenues.

Ms. Sue Mellen, Assistant Manager of Financial and Management Services, gave an overview of the proposed budget for FY 2012. She stated there would be no change in the tax rate, no general reassessment of real property, no increase in the number of General Fund County employees, and no overall pay increase for County employees. She stated that the majority of the revenues were from real estate. She stated that the change was a result of new growth in real property, personal property, and machinery and tools. She reviewed the General Fund spending categories with a majority of the funding being allocated to the Williamsburg-James City County school system. She noted costs associated with the opening of the new police building and fuel and utility cost increases. She stated there were also changes in funding to outside agencies, including funding for tourism. She reviewed the capital improvements program mainly consisting of three projects: Fire Station 4 renovations, Building D renovations, and Mid-County park renovations. She reviewed the James City Service Authority (JCSA) Budget. She reviewed the Budget Schedule and stated that three work sessions would be held and that they would be on April 14, April 18, and April 20, at 7 p.m. She stated that the Budget was scheduled for adoption on April 26, 2011. She recommended that the Board open the public hearing and defer action until April 26, 2011.

Ms. Jones opened the Public Hearing.

1. Mr. Billy Scruggs, 119 Woodmere Court, City of Williamsburg, commented on the budget as President of the Williamsburg Hotel Motel Association (WHMA). He commented that tourism funding makes possible destination marketing that helps the County and region grow. He commented on the amount of money local hoteliers spend to market the Williamsburg area as a destination and bring tourism revenue into the area. He stated the WHMA proposed funding to improve the internet site and the new WHMA Board subsequently determined to change the funding request sent to local governments to include a separate line item for the local call center in the amount of \$50,000. He gave background information on the local call center, WHMA and information about area partnerships in destination marketing. He reviewed the booking statistics and revenue generated by the local call center and its benefits. He noted the value of this service for guests to the area. He requested funding to support this investment. He stated that a local call center could provide more visitors who spend more time and money in the area.

Ms. Jones recognized Planning Commission Chairman Jack Fraley in attendance.

2. Ms. Elizabeth Chisolm, on behalf of Big Brothers Big Sisters, spoke on the importance of mentorship and the relationship of Big Brothers Big Sisters with the children it serves. She commented on the County's relationship to Big Brothers Big Sisters and the change to a contractual agreement from a donation to the organization as an outside agency. She expressed concern that the change would put the relationship into jeopardy.

3. Mr. William Carmines, 700 Jamestown Road, President of Board of Directors of HTSC, commented on lack of communication between County officials and the HTSC and lack of explanation about funding cuts to the organization. He commented on services to minorities in the community and programming reductions which were beyond the control of the Center's leadership. He stated that the Center did not have the capacity to act as an outreach service and did not believe the funding in place would serve those needs. He stated that the Center has provided detailed information about how funding was being used without being questioned by the County. He stated that no one in the organization had been informed of the issues raised by the County prior to this budget cycle. He stated that without dedicated space for seniors to meet and socialize, citizens would withdraw their membership. He asked for exclusive use of the space until January 1, 2012, to allow the organization to have an opportunity to find a new facility. He asked for increased communication in working with the County.

4. Ms. Eleanor Taylor, 105 Queen Mary Court, stated that she was a member of the HTSC. She commented on the gravity of the idea of losing the HTSC and the services it provided to seniors. She commended the staff and volunteers and stated that the HTSC should remain in its space. She asked the Board to reconsider the funding change.

5. Mr. Sam Lazarus, 7 Thorpe Court, stated that he was an active member of the HTSC. He noted that the membership dues and revenues from activities go toward the operation cost. He stated that the donation to the HTSC from the County was a very small contribution. He questioned the notification of HTSC about shortcomings. He commented on uncomfortable chairs in the HTSC which he believed were representative of inadequate planning and misuse of funds. He posed questions related to discriminatory actions toward seniors in the County.

Ms. Jones noted that the County Administrator's proposed budget did not recommend closing the HTSC.

6. Ms. June Kasparek, 406 Hempstead Road, Activities Planner for HTSC, stated that she has been affiliated with the HTSC for over nine years as a volunteer and part-time employee. She noted that this provided her an opportunity to meet people within her age group. She noted that lower-income individuals were not excluded and funding has been raised to help more seniors participate in programming. She stated that the program was accredited by the State and noted a significant need for a place for seniors in the community.

7. Ms. Rosanne Reddin, 2812 King Rook Court, commented on the opportunities and programs provided by the HTSC. She stated that many HTSC members do volunteer work in the community and commented on motives for the funding reduction and that the seniors deserve services and programs similar to the teens, daycare, and sports teams that are housed at the Community Center. She noted that the removal of the HTSC from the facility did not make logistical sense and commented on the growing demographic that utilizes the facility. She noted how the HTSC fulfills the County's goals to provide accessible programming to youth and seniors.

Ms. Jones noted that the County Administrator's proposed budget did not relocate the HTSC.

8. Ms. Kathleen Thall, 4001 Summit Loop, stated that she has benefitted from attending the HTSC and felt it would be unjust to take away the space.

9. Mr. Don Couser, 2902 Fenton Croft, commented on the benefits of the HTSC. He stated his appreciation for the past support of the Board through funding and space allocation. He stated that he attends the HTSC several times a week for activities and programming. He stated that he has attended other senior centers and the HTSC is superior to the others he has experienced. He stated that if the dedicated room is taken away, there would be a significant impact on the HTSC and its programming. He asked the Board to maintain the dedicated room for the HTSC.

10. Mr. Edmond Amoye, 5251-18 John Tyler Highway, a College of William and Mary student, member, and secretary of the HTSC, commented on outlying effects of the decision to reduce funding and dedicated space for the HTSC. He commented that this would impact the HTSC's accreditation status and corporate sponsorships. He stated that representatives of James City County indicated that the equipment and furniture in the HTSC would be moved into storage, which would create a burden of setup and breakdown whenever programs were held. He commented that seniors need the services provided by the HTSC and the seniors who attend are different from other segments of the population. He asked for additional consideration of the impacts of this decision.

11. Ms. Helga Merritt, 130 Branscome Boulevard, commented that the HTSC was a vital resource for seniors and provided services to the community.

12. Dr. David Trump, Director of Peninsula Health District, 1126 Professional Drive, stated the Peninsula Health District was part of the Virginia Department of Health and was the local health department for area jurisdictions. He commented that James City County's portion of the cooperative budget as 12.5 percent with a net funded 55 percent by the State and 45 percent by the County. He stated that County residents and businesses account for 58 percent of the district's work through sewage, wells, and food protection programs. He reviewed the medical services, Women, Infants, and Children (WIC) nutrition services, and inspection services provided by the Peninsula Health District. He stated that the Peninsula Health District worked with the local emergency services to respond to health emergencies. He commented on expanded facility space that would provide adequate space to address the needs of those served by the Peninsula Health District.

13. Mr. Bob Spencer, 9123 Three Bushel Road, on behalf of the James City County Citizens Coalition (J4C), expressed concerns about the proposed County Budget in relation to funding stormwater management. He noted that the J4C supported a Wireless Communication Facility Master Plan, a priority area of the Comprehensive Plan. He requested that funding be included for this master planning process. He noted that J4C wished to identify greenspace and purchase the property during economic times when prices would be lower. He stated the J4C requested that any changes in personnel maintain the careful review of the current organizational structure. He requested adequate staffing in the Stormwater Management Division on behalf of J4C. He commented on lawsuits with the Environmental Protection Agency and funds needed for legal services. He commented on budget funding for local tourism that was reallocated from regional tourism partnerships. He commented on miscommunication with the staff and members of the HTSC and encouraged correct and timely information to these individuals.

14. Mr. Bill Williams, 154 Lakewood Drive, Immediate Past President of the Williamsburg Land Conservancy Board of Directors, commented on the mission of the Williamsburg Land Conservancy and protection of 28 parcels of land and open space. He stated appreciation of past support of the County and requested restored funding at an increased level. He commented on bond funding from a referendum which

supported greenspace in the County. He stated that the Williamsburg Land Conservancy wished to assist in the inspection of County-owned properties and protect the County's viewsheds. He commented on the properties within James City County that were part of the Williamsburg Land Conservancy's stewardship.

15. Ms. Deborah Kratter, 113 Long Point, commented on the proposed budget and stated that it appeared the budget reduced or eliminated funding from those organizations with little money and reallocated it to increase funding for economic development. She stated that some funding could be taken from the operational increase that served potential businesses in order to serve the greater community. She stated that in the current economic conditions, those who may not be able to protect themselves should be considered before incentives for potential businesses.

16. Ms. Mary Huts, 3104 Carriage House Way, commented that seniors were working to provide a facility for members of a growing demographic at the HTSC.

17. Mr. Ed Oyer, 139 Indian Circle, commented on a logo change for the County. He stated that small projects can expand and cost a great deal of money. He noted the benefits of the programming and events of the HTSC.

18. Ms. Marie Ims, 2902 Fenton Croft, stated that the issue with the HTSC was the dedicated use of the room to allow seniors to know where to go and use the facilities.

19. Mr. Douglas Panto, 112 Semple Road, Immediate Past President of the HTSC Board, stated that removal of dedicated space would remove continuity of service for seniors and impact the HTSC's State accreditation.

As no else wished to speak to this matter, Ms. Jones closed the Public Hearing.

Mr. Goodson asked the County Administrator to address the issue of providing permanent dedicated space for the HTSC. He stated that during the budget proceedings, he wished to see the full implications of the funding transfer to the Parks and Recreation Division. He stated it may be more beneficial to provide the funding to the HTSC rather than have County staff oversee the programs.

Mr. Kennedy stated that he supported Mr. Goodson's request and would like to see similar information in relation to Big Brothers Big Sisters. He stated that he did not wish to see budget items to grow and wished to see the cost effectiveness of these changes. He noted his support for maintaining the dedicated space for the HTSC.

Ms. Jones echoed the concerns of Mr. Goodson and Mr. Kennedy and stated that she wished to increase and improve communication with outside agencies.

At 8:47 p.m., the Board took a break.

At 8:53 p.m., Ms. Jones reconvened the Board.

2. Redistricting Public Hearing

Mr. Leo Rogers stated that the 2011 Citizen Redistricting Committee has met and in keeping with the Board's timeline, a public hearing was being held on the proposed maps from the committee. He stated that an ordinance and minutes of the committee meetings would be provided at the Board's second public hearing on Redistricting on April 26, 2011.

Mr. Jeff Ryer, Chairman of the 2011 Citizen Redistricting Committee, stated that the committee met and evaluated four maps that were submitted for consideration. He stated that two maps considered by the committee met the criteria and two did not, and one map was recommended by the committee. He reviewed the criteria and noted how the recommended plan fit the requirements. He noted that the committee recommended that the Board consider seven County election districts and the impacts of staggered terms for Board of Supervisors and School Board members. He thanked the members of the committee, members of the Board, and staff who assisted with the process.

Mr. Goodson stated that he was disappointed that a minority-majority district was not achieved.

Mr. Ryer stated that the County did not have a concentrated population that would comprise a minority-majority voting district. He stated that the largest concentration of a minority population was in Grove, in which 40.8 percent of the population was African-American. He stated there were smaller areas of the County that have a minority-majority population, but these were smaller areas that were not contiguous with the Grove area.

Mr. McGlennon asked how minority voters were protected and their influence was not diluted by the current map proposal.

Mr. Ryer stated that the percentage of minorities in the County as a whole has decreased. He also commented that the Roberts District is not experiencing the increase in minorities that other districts have seen. He stated that most districts had very close percentages of African-American voters.

Mr. McGlennon asked about a seven-district map that allowed for minority representation, but that violated criteria to maintain five election districts.

Mr. Ryer stated that was correct. He noted that the map does not maintain the five election districts and also did not maintain compactness.

Ms. Jones opened the Public Hearing.

1. Ms. Judy Fuss, 3509 Hunter's Ridge, expressed support for the Kratter five-district map. She commented on the voter confusion and expense that would result from changing district and precinct names. She stated that election districts are a tool for achieving good governance. She stated that partisanship should not play a part in good governance.

2. Mr. Craig Metcalfe, 4435 Landfall Drive, stated as one of the co-developers of the Kratter five-district map and the seven-district map, he was interested in keeping communities of interest intact. He stated that the current proposed map did not respect communities of interest and felt that there was dichotomy between the communities of Grove and Kingsmill. He stated that he had no party interests in mind in development of the maps and wished to allow all residents to have a voice in their government. He stated that the Board of Supervisors mandated a five-district map without public input. He stated that he felt the seven-district map was the best one proposed with smaller districts, increased representation, and preservation of communities of interest. He asked the Board to protect the interests of the citizens and allow the seven-district map to be considered.

3. Mr. Ed Oyer, 139 Indian Circle, commented on the foundations of the Constitution of Virginia, Article II, Section 6, which mandated contiguous and compact districts, proportional representation of the population, and reapportionment of districts every ten years. He stated that he had previously suggested a seven-member board or one at-large member. He stated that the voters would have the ultimate discourse.

4. Ms. Edith Heard, 1239 Oak Drive, commented on the possibility of a minority-majority district due to dilution of the voices of people who have similar interests which were not necessarily based on race. She commented that most people do not see the blight of the community of Grove.

As no one else wished to speak to this matter, Ms. Jones closed the Public Hearing.

Mr. Goodson asked the County Attorney to address the legal foundations of the plans in the approval process by the Department of Justice.

Mr. Rogers stated that a proposed seven-member district would not be consistent with the County Code, which is a facet that the Justice Department would consider. He stated that an emergency ordinance could be adopted. He stated that he did not see major concerns with the plans, aside from the issue of contiguity in the Kratter five-district map.

Mr. Goodson asked for an explanation of the term “pearl necklace” in relationship to the districts.

Mr. Rogers stated that the term referred to communities that were strung together like pearls to create a district that maintains a certain population.

Mr. Goodson asked if there was a possibility to create a minority-majority district in the County.

Mr. Rogers stated that he did not think it would be feasible to defend a map to the Justice Department that was drawn in a non-compact or non-contiguous way.

Mr. McGlennon asked if the district would be more egregious in terms of compactness than other districts in the Commonwealth.

Mr. Rogers stated that districts have been drawn that were unusual, but his intention was to put forth a map that would not be challenged by the Justice Department to avoid having to go through preclearance.

Ms. Jones thanked the Redistricting Committee for its service.

3. Ordinance to Renew the Franchise Certificate for Cox Communications of Hampton Roads, LLC to June 30, 2021 (deferred from March 22, 2011)

Mr. Rogers stated that the Cox Communications Franchise Certificate was not changed, but the Cable ordinance adopted at the last meeting was changed by reducing the PEG fee to \$0.00.

Ms. Jones opened the Public Hearing.

1. Ms. Kathryn Falk, on behalf of Cox Communications, thanked the Board and staff for working with Cox and providing a strong framework and innovative features for the franchise. She stated that Cox looked forward to making continued investments in the community.

As no one else wished to speak to this matter, Ms. Jones closed the Public Hearing.

Mr. Goodson made a motion to adopt the ordinance.

On a roll call vote, the vote was: AYE: Kennedy, Goodson, McGlennon, Icenhour, Jones (5). NAY: (0).

4. Ordinance to Amend James City County Code, Chapter 15, Offenses – Miscellaneous, by Amending Section 15-20, Noise Prohibited in Residential-Zoned Areas (deferred from March 22, 2011)

Mr. Adam Kinsman, Deputy County Attorney, stated that a recent Virginia Supreme Court decision precipitated review of the County's noise ordinance. He stated that this was a collaborative effort among staff and local government attorneys. He reviewed the revisions including noise permits, prohibited noise during certain issues and exemptions from the ordinance including theme parks, and necessary noise associated with a business use. He noted that the ordinance included graduated civil penalties that increase with subsequent offenses. He stated this ordinance would withstand the vagueness challenge and fall within the requirements of the Virginia Supreme Court. He recommended adoption of the ordinance.

Ms. Jones opened the Public Hearing.

1. Mr. Lewis Shelton, 5 Digges Court, requested support for the noise ordinance. He stated that the quality of life in the Chisel Run subdivision has been impacted by loud noises from a restaurant near the subdivision. He commented that patrons played a game which resulted in loud noises and shouting until late in the evening. He stated that with this ordinance, this issue would hopefully be addressed. He stated that he and other members of the community contacted the business owner about the noise but no results occurred. He thanked the Board and staff for working on this ordinance and helping to protect the citizens in Chisel Run.

2. Mr. Ed Oyer, 139 Indian Circle, correlated the violent break-in at Country Village and the impact of newer segments entering the community.

As no one else wished to speak to this matter, Ms. Jones closed the Public Hearing.

Mr. McGlennon stated his support for the ordinance and empathized with Mr. Shelton's concerns. He asked how the ordinance would be enforced in relation to this game.

Mr. Kinsman stated that if a game is determined not to be an essential use of the business, it would be subject to the general provisions.

Mr. Kennedy asked how this ordinance impacted bands and events at New Town.

Mr. Kinsman stated that a specific section in relation to Mixed Use districts that prohibits excessive noise between midnight and 7 a.m. in recognition of the nature of mixed use. He stated that the requirement for residential districts was 11 p.m. to 7 a.m. and commercial uses adjacent to residential districts were effective 9 p.m. to 7 a.m.

Mr. Kennedy stated that he was confused by the statutes.

Mr. Kinsman stated that the lines were drawn as effectively as possible, but they could be changed at the request of the Board. He also noted that this was a comprehensive rewrite of the ordinance. He stated that he would recommend trying the statutes as written and bring the ordinance back for minor revisions at a later date.

Ms. Jones expressed concern that 50 feet was a reasonable distance and that this requirement could be changed at a later time. She stated that consistency would be desirable.

Mr. Icenhour stated that he understood the necessity for a 50-foot buffer in areas like New Town, but he would like consistency. He stated that the ordinance could be tried out and reviewed at a later date.

Mr. Kennedy asked about industrial districts where trucks were loaded and unloaded in early hours of the morning.

Mr. Kinsman stated there was a specific section of the ordinance that addressed non-emergency construction or landscaping uses. He stated that in relation to trucks moving in and out of a shopping center adjacent to a residential area, consideration would be given to the necessity of the noise for the use, such as garbage pickup. He stated that if it was determined that the noise was not necessary, it would fall within the general provision.

Mr. Rogers noted that Target was a unique area; he noted it was zoned R-4 and noise was emanating from one residential zone to another which would be addressed under a very strict part of the ordinance.

Mr. Kennedy asked how this ordinance could be enforced if the business owners claimed that the noise nuisance was a necessary part of the business. He stated that this ordinance set expectations that would be difficult to enforce if the statutes were ambiguous. He stated that he understood the necessity of the noise ordinance and expressed his concern about its application.

Ms. Jones stated that New Town was a more intensive area, but she would be more comfortable with a consistent 100 feet for all statutes.

Mr. Kennedy stated his concern with how this matter would be regulated.

Mr. Icenhour stated that this would give the County a tool to deal with noise issues that cannot be addressed by reasonable negotiation. He noted that staff worked with noise at the Target area and the business owner was willing to work on the issue. He stated this should be a matter for zoning administration rather than the police. He stated this tool would give more accountability and credibility to address these issues. He stated this was a reasonable approach to deal with some of the outlying cases.

Mr. Goodson commented on emergency situations when the use of generators would produce excessive noise.

Mr. Kinsman stated that emergency situations were exempted in the ordinance.

Mr. McGlennon made a motion to adopt the amended ordinance provided at the dais.

On a roll call vote, the vote was: AYE: Kennedy, Goodson, McGlennon, Icenhour, Jones (5). NAY: (0).

5. Case No. SUP-0024-2009. Hospice House and Support Care of Williamsburg Wireless Communication Facility Tower (deferred from February 8, 2011)

Mr. Chris Johnson, Principal Planner, stated that the applicant has requested a deferral until July 12, 2011, to allow the applicant to meet with property owners of alternative sites. He stated that staff concurs with the request and recommends that the Board defer until July 12, 2011.

Mr. Kennedy asked how long this case has been opened.

Mr. Johnson stated that this case first came before the Board in January 2010 and it has been deferred nine times.

Mr. Kennedy asked when this situation would be resolved.

Mr. Rogers stated this matter has been discussed. He stated that though it meets the legal standard for advertisement when the case is deferred by the Board, the case should be readvertised whether the case moves forward on this site or another site.

Mr. Kennedy stated his dissatisfaction with the process for this case.

Ms. Jones opened the Public Hearing.

As no one wished to speak to this matter, Ms. Jones continued the Public Hearing until July 12, 2011.

SUBJECT: 2011 Redistricting Plan

Attached are the minutes and recommendations of the Citizen Redistricting Advisory Committee (“Committee”). Included are all the maps submitted to the Committee identifying proposed boundaries for the new districts. Also included is a statistical analysis of the proposals. The Committee’s minutes reflect its discussions and recommendations. By a vote of 8 to 2, the Committee recommended the redistricting plan be in accordance with the Standards and Criteria set forth by the Board of Supervisors in its March 22, 2011, resolution. (A copy of the resolution is attached.)

At the April 12, 2011, Board meeting, the public was invited to comment on the proposed redistricting plans or any other items related to redistricting. However, on Wednesday, April 20, 2011, the County received a proposal, which revised the Committee’s recommended plan. A map reflecting that proposal was prepared by County staff and is included as an attachment.

We commend the members of the Committee for their time and efforts in developing and evaluating redistricting plans. We recommend adoption of the attached ordinance which is based on the redistricting plan recommended by the Committee.

MEMORANDUM

DATE: April 26, 2011

TO: The Board of Supervisors

FROM: Adam R. Kinsman, Deputy County Attorney
John H. Carnifax, Director Parks & Recreation

SUBJECT: Lease Agreement - The College of William and Mary Boat Storage Facility

The James City County Division of Parks and Recreation (the "Division") has partnered with the College of William and Mary (the "College") and the Rowing Club at William and Mary (the "Club") since 2000 for the promotion of recreational and competitive rowing activities in James City County. The Club operates from the Gordon Creek's side of Chickahominy Riverfront Park (the "Park") and has been working from a temporary storage shed.

During the development of the Shaping Our Shores Master Plan, a need for permanent storage space for rowing activities as well as the opportunity to open this area for public access, was identified and subsequently included in the approved Master Plan for Chickahominy Riverfront Park.

Negotiations are expected to continue to reach an amicable agreement for the lease arrangements between the County and the College for the boat storage facility. Since the lease agreement is not fully agreeable at this time, staff recommends that the Board of Supervisors defer action on this item and continue the public hearing to a later date when the final lease agreement can be considered.
