MEMORANDUM

DATE: April 27, 2010

TO: The Board of Directors

FROM: Larry M. Foster, General Manager, James City Service Authority

SUBJECT: American Recovery and Reinvestment Act (ARRA) Funding – Washing Machine (Clothes Washer) Rebate Program

The James City Service Authority (JCSA) has partnered with the Department of Mines, Minerals, and Energy (DMME) in applying for American Recovery and Reinvestment Act (ARRA) funds for energy conservation rebates. The ARRA funding request has been approved by the Department of Energy (DOE).

JCSA's portion is \$30,000 beginning April 28, 2010, for our existing Energy Star Washing Machine (Clothes Washer) Rebate Program. ARRA funding will be obtained through monthly reimbursement requests to the DMME. The funding requires a dollar-for-dollar match where ARRA funding will be used first followed by matching funds from FY 2011.

News media statewide have recently published articles regarding the State's Rebate Programs. An official announcement and communications plan will be issued by the Office of the Governor. Information regarding JCSA's Washing Machine (Clothes Washer) Rebate Program is available at www.jccEgov.com/jcsa with a direct link at www.bewatersmart.org.
