ORDINANCE NO. 31A-209

BOARD OF SUPERVISORS
JAMES CITY COUNTY
VIRGINIA

AN ORDINANCE TO AMEND AND REORDAIN CHAPTER 24, ZONING, OF THE CODE OF THE COUNTY OF JAMES CITY, VIRGINIA, BY AMENDING ARTICLE VII, NONCONFORMITIES, SECTION 24-634, RESTORATION/REPLACEMENT OF A NONCONFORMING USE.

BE IT ORDAINED by the Board of Supervisors of the County of James City, Virginia, that Chapter 24, Zoning, is hereby amended and reordained by amending Article VII, Nonconformities, Section 24-634, Restoration/replacement of a nonconforming use.

Chapter 24. Zoning

Article VII. Nonconformities

Sec. 24-634. Restoration/replacement of a nonconforming use.

(a) A nonconforming use damaged by casualty may be restored in accordance with the provisions of this section, provided such restoration has started within 12 months of the date of the casualty and is complete within 24 months of the date of the casualty. By casualty shall mean as a result of a fire or other cause beyond the control of the owner or by an act of God. By casualty shall not include damage caused by age or ordinary wear and tear or damage intentionally caused by the owner or an agent thereof.

(b) Nonconforming uses other than buildings and signs (such as, but not limited to, underground storage tanks, private sewage disposal systems and parking lots) may be restored or replaced when such structures become unsafe or unsound. A relocation on the same lot may be approved by the zoning administrator, provided the new location is less nonconforming than the original location, and further provided that the new location shall not cause a greater detrimental impact on conforming uses in the neighborhood.

(c) Such restoration shall not include any minor alterations, cosmetic modifications, interior renovations or similar changes unless approved under the provisions of section 24-633 of this article, nor shall such restoration include any expansion unless approved under the provisions of section 24-633. Such restoration may include changes that make the use less nonconforming than it was prior to the casualty.

~~(d) Nonconforming mobile homes or manufactured homes in any district may be replaced with manufactured homes upon the issuance of a special use permit; however, a special use permit shall not be required where mobile or manufactured homes are a permitted use as stated in other sections of this zoning ordinance. Nothing in this section shall be construed to prevent the removal of a valid nonconforming manufactured home from property and replacement of that unit with another comparable manufactured home that meets the current HUD manufactured housing code. Such replacement unit shall retain the valid nonconforming status of the prior unit.~~ For purposes of this article, a "nonconforming mobile home or manufactured home" shall be defined as any mobile home or manufactured home which does not meet all current zoning requirements and which was:

- (1) Located in the county prior to April of 1969, or any replacement thereof;
- (2) Located pursuant to a conditional use permit, either with or without an expiration date;
- (3) Located pursuant to a special use permit; provided, however, any manufactured home located pursuant to a special use permit with an expiration date shall be removed from the site upon expiration of the special use permit unless a new special use permit is approved to lawfully continue the use; or
- (4) A replacement for a mobile home or manufactured home located pursuant to a conditional or special use permit not specifically prohibited by the permit.

(e) A nonconforming office building meeting all current zoning requirements except connection to public water and sewer which is located within an industrial district may be replaced upon issuance of a special use permit excepting the use from the public water and sewer requirements. The replacement office building shall not exceed 4,000 square feet in floor area.
