Chapter 24. Zoning

ARTICLE V. DISTRICTS

DIVISION 11. LIMITED BUSINESS/INDUSTRIAL DISTRICT, M-1

Sec. 24-410. Statement of intent.

The primary purpose of the Limited Business/Industrial District, M-1, is to establish an area where the principal use of land is for limited business/industrial operations which are not ordinarily compatible with *adjacent* residential development. The specific intent of this district is to accomplish the following:

- (1) Encourage the use of land for limited business and industrial purposes;
- (2) Prohibit residential developments on land reserved for limited business and industrial uses;
- (3) Permit certain commercial and office uses in a manner which is compatible with limited business and industrial uses; and

(4) Establish minimum requirements to protect the health, safety and welfare of the citizens of James City County from the effects *or impacts commonly associated with* of the development of limited business and industrial uses.

~~Water impoundments, new or expansion of, 50 acres or more or with dam heights of 25 feet or more.~~

Sec. 24-413 412. Outdoor operations and storage.

Any commercial or industrial operation or storage conducted in whole or in part out-of-doors shall meet the requirements of section 24-41.

Sec. 24-414 413. Area requirements and minimum lot width.

(a) Minimum lot size shall be 10,000 square feet.

(b) Minimum width of lots shall be 75 feet at the setback line.

Sec. 24-415 414. Setback requirements.

(a) Structures shall be located 50 feet or more from any street right-of-way which is 50 feet or greater in width. Where the street right-of-way is less than 50 feet in width, structures shall be located 75 feet or more from the center line of the street. The minimum setback of any portion of a structure which is in excess of 35 feet in height shall be increased one foot for each two feet of the structure's height in excess of 35 feet.

(b) The minimum setback shall also be increased to a minimum of 75 feet from any street with a right-of-way 50 feet or greater in width and 100 feet from any street with a right-of-way of less than 50 feet of width when the property immediately across the street is zoned residential. The minimum setback of any portion of a structure across the street from property zoned residential which is in excess of 35 feet in height shall be increased one foot for each two feet of the structure's height in excess of 35 feet.

(c) Setbacks for commercial uses may be reduced to 25 feet from any street right-of-way which is 50 feet or greater in width or 50 feet from the centerline of the street where the street right-of-way is less than 50 feet in width with approval of the ~~development review committee~~ *planning director*.

A site shall not be considered for a setback reduction if it is located on a planned road that is designated for widening improvements. A planned road includes any road or similar transportation facility as designated on the Comprehensive Plan, Six-Year Primary or Secondary Road Plan, Peninsula Area Transportation Plan or any road plan adopted by the board of supervisors. The ~~development review committee~~ *planning director* will consider a setback reduction only if the setback reduction will achieve results which clearly satisfy the overall purposes and intent of section 24-86 (Landscaping and Tree Preservation Requirements); if the setbacks do not negatively impact adjacent property owners; and if one or more of the following criteria are met:

(1) The site is located on a Community Character Corridor or is designated a Community Character Area on the Comprehensive Plan Land Use Map, and proposed setbacks will better complement the design standards of the Community Character Corridor.

(2) The adjacent properties have setbacks that are non-conforming with this section, and the proposed setbacks will better complement the established setbacks of adjacent properties, where such setbacks help achieve the goals and objectives of the Comprehensive Plan.

(3) The applicant has offered site design which meets or exceeds the Development Standards of the Comprehensive Plan.

(d) In areas where the board of supervisors has adopted specific design guidelines that call for reduction of setbacks in excess of those permitted in sub-section (c), the ~~development review committee~~ *planning director* can approve reductions upon finding substantial conformance with recommendations from the guidelines and compliance with the criteria from sub-section (c) above.

(e) Appeals. In the event the planning director disapproves plans submitted under the provisions of this section or recommends conditions or modifications which are unacceptable to the applicant, the applicant may appeal the decision of the planning director to the development review committee who shall forward a recommendation to the planning commission.

Sec. 24-416 415. Yard regulations requirements.

(a) Structures shall be located 20 feet or more from side or rear property lines. The side and rear yards for any section of a structure in excess of 35 feet in height shall be increased one foot for each two feet of height in excess of 35 feet.

(b) The minimum side yard shall be increased to 75 feet if the side yard adjoins property in a residential district, or an agricultural district that is designated for residential use on the Comprehensive Plan. The minimum rear yard shall be increased to 75 feet if the rear yard adjoins property in a residential district or an agricultural district that is designated for residential use on the Comprehensive Plan. The minimum side and rear yards for any section of a structure in excess of 35 feet in height shall be increased one foot for each two feet of height in excess of 35 feet.

(c) Accessory structures may be located within the required side or rear yards upon approval of the ~~planning commission~~ *planning director*; provided, however, that no structure shall be located within ten feet of any property line.

(d) Appeals. In the event the planning director disapproves plans submitted under the provisions of this section or recommends conditions or modifications which are unacceptable to the applicant, the applicant may appeal the decision of the planning director to the development review committee who shall forward a recommendation to the planning commission.

Sec. 24-417 416. Reserved.

Sec. 24-418 417. Special provisions for the waiver of area, lot width, yard and yard setback requirements.

The following may be eligible for a waiver from any part of section 24-413 through 24-415:

The subdivision of business/industrial property on which business and industrial units for sale, for sale in condominium, or for lease are both:

- (a) Constructed as part of a multiunit structure in which the units share common walls or as part of a multiple-structure commercial development; and
- (b) The entire development has been planned and designed as a comprehensive coordinated unit under a single master plan *which has been legislatively approved by the board of supervisors.*

In these instances, the ~~planning commission~~ *planning director* may grant, at his discretion, a waiver from any part of section 24-413 through 24-415 upon finding:

- (1) The overall complex or structure, if considered as a single unit, meets all of the requirements of section 24-413 through 24-415;
- (2) Adequate parking is provided as per the requirements of this chapter. The ~~planning commission~~ *planning director* also may require recordation of adequate easements or other agreements to guarantee access and maintenance of the parking areas and other common areas;
- (3) Adequate provisions are made to assure compliance with the requirements of this chapter with regards to signs. The planning commission also may require the recordation of adequate easements or agreements to allow grouping of signs on one standard sign, placement of signs in common areas or other appropriate arrangements made necessary as a result of the reduced frontage or yard area of the individual units; and
- (4) The complex or structure is adequately designed and serviced from the standpoint of safety. The county fire chief finds that the fire safety equipment to be installed is adequately designed, and the county

building official finds that the complex is designed to conform to the Uniform Statewide Building Code, so as to offer adequate protection to life and property.

(5) Appeals. In the event the planning director disapproves plans submitted under the provisions of this section or recommends conditions or modifications which are unacceptable to the applicant, the applicant may appeal the decision of the planning director to the development review committee who shall forward a recommendation to the planning commission.

Sec. 24-419 418. Height ~~limits and height limitation waivers~~ of structures.

(a) Structures may be erected up to 60 feet in height from grade to the top of the structure. Camouflaged wireless communications facilities may be erected to a total height of 120 feet from grade. Structures in excess of 60 feet in height from grade to the top of the structure may be erected only upon the granting of a height limitation waiver by the board of supervisors.

(b) Water towers, church spires, belfries, cupolas, monuments, chimneys, flues, flagpoles, communication antennae, mechanical penthouse, electrical, plumbing, elevator, parapet walls or other accessory mechanical functions which are part of or on top of a main structure shall be considered part of the structure.

(c) Upon application for a height limitation waiver, the payment of appropriate fees, notification of adjacent property owners and following a public hearing, the board of supervisors may grant a height limitation waiver upon finding that:

(1) Additional setbacks have been provided as required by section 24-414 and section 24-415; however, the board *of supervisors* may waive additional setbacks in excess of 60 feet;

(2) Such structure will not obstruct light from adjacent property;

- (3) Such structure will not impair the enjoyment of historic attractions and areas of significant historic interest and surrounding developments;
- (4) Such structure will not impair property values in the area;
- (5) Such structure is adequately designed and served from the standpoint of safety and that the county fire chief finds the fire safety equipment to be installed is adequately designed and that the structure is reasonably well located in relation to fire stations and equipment, so as to offer adequate protection to life and property; and
- (6) Such structure will not be contrary to the public health, safety and general welfare.

Sec. 24-420 419. Reserved.

Sec. 24-421 420. Sign regulations and parking requirements.

- (a) To assure an appearance and condition which is consistent with the purposes of the Limited Business/Industrial District, M-1, outdoor signs on the properties within the district shall comply with the regulations for exterior signs in article II, division 3 of this chapter.
- (b) Off-street parking and off-street loading shall be provided as required in sections 24-53 and 24-61.

Sec. 24-422 421. Utilities.

- (a) Unless otherwise specified in this district, all development in the Limited Business/Industrial District, M-1, shall be served by public water and sewer.
- (b) The location of all utilities and utility easements shall be shown on the site plans and be approved as per article III, Site Plan, of this chapter.

Sec. 24-423 422. Site plan review.

All structures or complexes of structures erected, altered or restored within the district shall be subject to Site Plan Review in accordance with article III of this chapter.

Sec. 24-423. Landscaping.

To assure an appearance and condition which is consistent with the purposes of the Limited Business/Industrial District, landscaping on the properties within the district shall comply with article II, division 4 of this chapter.
