

RESOLUTION

WATER CONSERVATION GUIDELINES

WHEREAS, applications to rezone land or for a special use permit have proffers or conditions that require the applicant to incorporate water conservation techniques into the proposed development; and

WHEREAS, guidelines have been developed by staff and the Water Conservation Committee to assist applicants in defining what can be incorporated in a water conservation plan for a development.

NOW, THEREFORE, BE IT RESOLVED that the Board of Supervisors of James City County, Virginia, endorses the attached Water Conservation Guidelines to assist applicants in rezoning and special use permit cases in developing a water conservation plan for their proposed development.
