In addition, for each platted lot recorded in the James City County Circuit Court Clerk's Office as of May 9, 2006, that is vacant, outside the PSA, and adjacent to the water main, one connection shall be permitted with no larger than a 3/4-inch service line and 3/4-inch water meter.
3. No connections shall be made to the gravity sanitary sewer main which would serve any property located outside the PSA except for connections of the 8th Elementary School project and existing structures located on property outside the PSA adjacent to the proposed mains. In addition, for each platted lot recorded in the James City County Circuit Court Clerk's Office as of May 9, 2006, that is vacant, outside the PSA, and adjacent to the main, one connection shall be permitted with no larger than a 4-inch service line.
4. All permits and easements shall be acquired prior to the commencement of construction for the water and sewer transmission mains.

5. For water and sewer main construction adjacent to existing residential development, adequate dust and siltation control measures shall be taken to prevent adverse effects on adjacent property.
