

RESOLUTION

DETERMINATION OF EFFECT OF WITHDRAWING LAND FROM THE

GORDON'S CREEK AFD

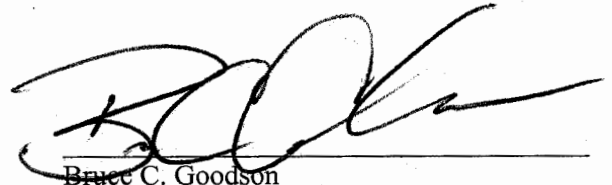

WHEREAS, the Williamsburg-James City County Public Schools ("Schools") need to construct an eighth elementary school in order to meet the needs of the growing community; and

WHEREAS, the Schools and the County of James City, Virginia ("County") have determined that the 40.285 acres tract hereinafter described property is the necessary and proper location for a new elementary school; and

WHEREAS, the Schools and the County found that new boundary lines, different from the originally acquired land, would be needed to construct the turn lanes and stormwater management facility for the project; and

WHEREAS, although not required by State Code, a public hearing was advertised and the Department of Conservation and Recreation, the AFD Advisory Committee, and the Planning Commission were notified to provide advice on the matter.

NOW, THEREFORE, BE IT RESOLVED that the Board of Supervisors of James City County, Virginia, pursuant to Code Section 15.2-4313, determines that the acquisition of land in the Gordon's Creek Agricultural and Forestal District (AFD) will not have an unreasonably adverse effect upon the remainder of the Gordon's Creek AFD, or have an effect on the preservation and enhancement of agriculture and forestry and agricultural and forestal resources within the District.

Bruce C. Goodson
Chairman, Board of Supervisors
