

## **RESOLUTION**

### **GRANTING AN EXCEPTION ON JCC RE TAX PARCEL NO. 1910100013**

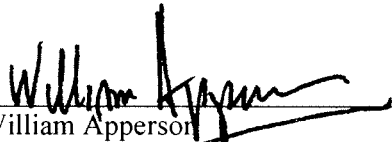

WHEREAS, Ms. Jennifer Privette on behalf of Ms. Patricia Overman, (the "Applicants") has appeared before the Chesapeake Bay Board of James City County (the "Board") on September 8, 2010 to request an exception to the use of the Resource Protection Area (the "RPA") on a parcel of property identified as JCC RE Tax Parcel No. 1910100013 and further identified as 7515 Oak Cove Road (the "Property") as set forth in the application CBE-11-012 for a replacement retaining wall, a new retaining wall, and a brick paver patio; and

WHEREAS, the Board has listened to the arguments presented and has carefully considered all evidence entered into the record.

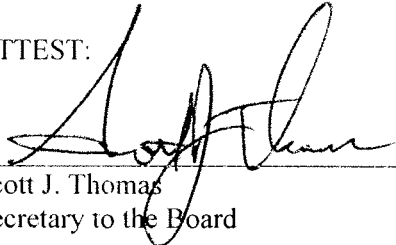

NOW, THEREFORE, following a public hearing, the Chesapeake Bay Board of James City County by a majority vote of its members FINDS that:

1. The exception request is the minimum necessary to afford relief.
2. Granting the exception will not confer upon the Applicant any special privileges denied by Chapter 23, Chesapeake Bay Preservation, of the James City County Code, to other property owners similarly situated in the vicinity.
3. The exception request will be in harmony with the purpose and intent of Chapter 23 of the James City County Code, and is not of substantial detriment to water quality.
4. The exception request is not based on conditions or circumstances that are self-created or self-imposed, nor does the request arise from conditions or circumstances either permitted or non-conforming that are related to adjacent parcels.
5. Reasonable and appropriate conditions are hereby imposed, as set forth below, which will prevent the exception request from causing a degradation of water quality.
6. In granting this exception, the following conditions are hereby imposed to prevent this exception request from causing degradation of water quality:
  - a) The applicant must obtain all other necessary local permits as required for the project.
  - b) An RPA Mitigation Plan, meeting James City County requirements, shall be submitted and approved prior to work commencing.
  - c) All proposed mitigation plantings shall meet James City County standards of 1" caliper for the canopy and understory trees and with the proposed shrubs being of three gallon size.

- d) A pre-construction meeting shall be held on-site prior to work commencing.

- f) This exception request approval shall become null and void if construction has not been completed by September 8, 2011 including the required mitigation plantings.
- g) Written requests for an extension to an exception shall be submitted to the Environmental Division no later than 2 weeks prior to the expiration date.
