

## RESOLUTION

### GRANTING AN EXCEPTION ON JCC RE TAX PARCEL 3811300035

WHEREAS, Kasey and Angeliki Howe (the "Applicants") have applied to the Chesapeake Bay Board of James City County (the "Board") to request an exception to the use of the Resource Protection Area (the "RPA") on a parcel of property identified as JCC RE Tax Parcel No. 3811300035 and further identified as 181 Southport in the Ford's Colony subdivision (the "Property") as set forth in the application CBE-15-042 for the purpose of constructing a single family home and deck; and

WHEREAS, the Board has listened to the arguments presented and has carefully considered all evidence entered into the record.

NOW, THEREFORE, following a public hearing on January 14, 2015, the Chesapeake Bay Board of James City County by a majority vote of its members FINDS that:

1. The exception request is the minimum necessary to afford relief.
2. Granting the exception will not confer upon the Applicant any special privileges denied by Chapter 23, Chesapeake Bay Preservation, of the James City County Code, to other property owners similarly situated in the vicinity.
3. The exception request will be in harmony with the purpose and intent of Chapter 23 of the James City County Code, and is not of substantial detriment to water quality.
4. The exception request is not based on conditions or circumstances that are self-created or self-imposed, nor does the request arise from conditions or circumstances either permitted or non-conforming that are related to adjacent parcels.
5. Reasonable and appropriate conditions are hereby imposed, as set forth below, which will prevent the exception request from causing a degradation of water quality.
6. In granting this exception, the following conditions are hereby imposed to prevent this exception request from causing degradation of water quality:
  - 1) The applicant must obtain all other necessary local permits as required for the project.
  - 2) Surety of \$4,000 will be required in a form acceptable to the County Attorney's office to guarantee the mitigation plantings.
  - 3) This exception request approval shall become null and void if construction has not begun by January 15, 2016.

- 4) Written requests for an extension to an exception shall be submitted to the Engineering and Resource Protection Division no later than 6 weeks prior to the expiration date.
- 5) Submittal and County approval of a Mitigation Plan that includes 8 planting units and a primary and secondary infiltration basin will be required.
