Order

It is ordered that all persons (citizens) of Jamesburg County subject themselves to vaccination by whomsoever the Board of Supervisors may appoint to do said work. Any person refusing to be vaccinated according to the provisions of this order, without good and sufficient cause, shall be punished by a fine of not less than one nor more than ten dollars, said fine to be imposed by any Justice of the said County - upon the evidence of the acting Physician.

It is further ordered that the acting Physician appointed by this Board to perform the work of vaccination for the County of Jamesburg - purchase at whose sale price all necessary vaccine forms said forms to be kept and culled and to be paid for out of the County funds.

It is further ordered that Dr. H. H. Stephenson of Iowa to be and he is hereby appointed the Physician to perform said work of vaccination in the County of Jamesburg and that the said Physician shall make a list of all persons vaccinated by him and return the same to this Board, designating in

in said list those persons who are
able and have paid for their vaccination
and also those unable to pay for same
and it is further ordered that upon
the confirmation of the said list as
furnished by the said Physician to
the said Board the said Physician or
H. M. Stephenson shall be paid the sum
of twenty five cents for each person
vaccinated by him and who is unable
to pay for the same said amount

To the Common Council of the City of

The Board of Supervisors of the County
of James City
Gentlemen

The undersigned have to
make the following report regard-
ing the construction of a jail:

We have made personal
visits to jails had frequent
consultations with each other
and with specialists in jail con-
struction.

Of all the plans we have
seen we regard the two offered
by the B F Smith Co of Washington
DC embodying the best compromise
between the best compromise what
we would like to have and what
we can afford to get. You
will note these plans call for:

(A) a 22' 2" x 24' 2" two story brick jail,
two cells with no arrangement for
growth B F Smith Co offer to do this
complete for \$4000. to \$4100. approximately.

(B) a 32 x 37 two story brick jail
four cells with arrangement for
expansion to eight cells approxi-
mately figured as there are \$4800 or by
Smith Co.

As the B F Smith Co. will sell us
these plans for 2% of the awarded

bed we recommended the adoption of one of the two and the immediate advertisement for bids on the one adopted.

We also recommended that bids be asked separately on (1) the brick and construction work (2) on the non steel and steel work, (3) on the two together.

If the B.T. firms in the open competition are awarded the contract they will make no charge for plans and specifications.

Complete plans and specifications of the two plans are attached hereto.

Respectfully submitted
Wm. S. C.

H. V. Bird } Comm.

The Committee is here discharged with thanks

At a Special Meeting of the Board of Supervisors of James City County held at Travis in said County on Thursday April 26th AD 1906 subject pursuant to call

Present

Dr W. H. Stephenson, Chairman
William Lee and J. R. Bush

In the matter of Bridges and Crossings where the Chesapeake and Ohio Railway Company crosses the Mann Roads by a change of its line from Norway to Louisa.

There day came the Chesapeake and Ohio Railway Company by A. V. Suter Engineer in Charge, and made application in writing, before the Board of Supervisors of James City County for the privilege of establishing an overhead highway bridge on the Mann Stage Road leading from Travis to Hickory Hill Academy where said road intersects with said C & O Railroad, and also for the privilege of establishing an overhead highway bridge on the road leading from Travis to York River which same crosses the said railway, and also for the privilege of putting in a grade crossing on the public road leading from Forge to Croaker, which said application together with maps and profiles showing the construction of said bridges

and crossing are fences. here with and made a part of the record of this proceeding.

And after a view of the premises and a discussion of the subject it is the sense of the Board that said Chesapeake and Ohio Railway Company be and it is hereby authorized and empowered to construct and maintain a highway bridge on said York River Road in accordance with the plans and specifications filed as aforesaid, in so far as same relates to said bridge, but the said Chesapeake and Ohio Railway Company shall also construct and permanently maintain approaches to said bridge, which shall, ^{be} not less than twenty feet wide where they abut against said bridge and shall widen out to a width of thirty feet where said approaches are of not less than three feet grade above the adjacent lands, to which points they shall be fenced with a substantial fence to be erected and maintained by said Company, and from said points to the foot of said slope where said approaches intersect with the said road they shall be not less than thirty feet wide; provided the said approaches on the North or York River side of said bridge shall run from said bridge down said road a distance of not less than four hundred and fifty feet.

at a uniform grade, and the approach on the other side of said bridge shall run from said bridge up said road a distance of not less than two hundred and fifty feet at a uniform grade, provided further that in no event shall said grade on said approaches exceed four degrees.

And said Chesapeake and Ohio Railway Company shall be, and is hereby authorized and empowered to construct and maintain a grade crossing over its line along the public road leading from Surge to Croaker and crossing to be constructed and maintained in accordance with the general laws of this Commonwealth, and subject to the instructions herein after imposed.

And upon the application in so far as same relates to a bridge on the road leading from Toms to Herkory Creek at Charming, it is the sense of this Board that an eighteen foot bridge at said point is inadequate for the safe and convenient travel of the public, the said application is therefore rejected in so far as it relates to the width of said bridge but, it is the sense of this Board that said Chesapeake and Ohio Railway Company be, and it is hereby authorized and empowered to construct and maintain a

highway bridge as said forth, provided said bridge is not less than twenty-four feet wide, from which space there shall be cut off by a substantial and permanent fence three feet for pedestrians, and the remainder of said bridge to be a driveway. It is understood from the application and from a view of the premises that said bridge shall be on a grade with said public road and said bridge shall be so constructed as to admit of safe and convenient travel to the public.

Both of said bridges, as well as the said grade crossing shall be constructed, maintained and kept in a safe condition by said Railway Company and said Railway Company shall be responsible for any and all damages that may result to adjacent land-owners in the construction and maintenance of such bridges and crossing.

For the purpose of allowing the said bridges to be so constructed the said Chesapeake and Ohio Railway Company its agents, servants and employees, are hereby given permission to temporarily change and alter the public road leading to York River near said bridge as indicated by a red line on the map and profile showing said bridge from this date to September 1st 1906. Said temporary road to be constructed

and left in condition by said Company so as to admit of safe and convenient travel to the public. And the said road leading from Evans to Hickory Neck Academy may also be temporarily changed and altered as indicated by a red line on the map and profile showing said bridge, said alteration not to be made until the said bridge is about to be constructed and not to continue for a period of longer than six weeks. Provided, That the said Chesapeake and Ohio Railway Company shall indemnify and save harmless the officers of the County of James from any and all damages and liabilities that may result or accrue to any person or persons by reason of the change of location of the said public road as herein provided.

The Board then adjourned until the next regular meeting.

J. R. Bush and William Lee,

The Board of Supervisors being of opinion, (there being no County Superintendent of Roads) that it is necessary to establish a public road leading from the main road at or near Neck of Sand Farm to some point on James Town Island, leading through the said Neck of Sand Farm; the said Board do hereby appoint H. H. Bush, J. R. Bellamy, R. H. Greenham, H. J. Ammest and W. B. Burns, residents free holders of the County of James City, any three of whom may act; to examine such road and report upon the expediency of laying off any new road leading through said Farm, said road to be thirty (30) feet wide, and not to exceed four degrees grade at any one point;

And it is further ordered that A. J. Siskin, a Surveyor, be authorized and empowered, &c. if necessary, to assist said Surveyors.

The said Surveyors shall make report in accordance the provisions of Section 944 a Sub-Section B, as

amended by an Act approved
March 17, 1906, page 131

Upon unanimous resolution of the Board of Supervisors it is decided to macadamize the public road leading from Williamsburg to Jamnstown, or as much thereof as may hereafter be determined upon by said Board. All costs of which shall be paid out of any funds belonging to the County of James City Precinct of the Magisterial District, at a cost not to exceed Three Thousand (\$3,000.00) Dollars to be applied towards macadamizing said public road leading from Williamsburg to Jamnstown.

It is the order of this Board that the Clerk of this Board is directed to make application to the State Highway Commissioner for State credit road funds and to sign such applications as necessary for carrying this application into effect. That said Clerk in the name of the Board shall make application to the Tidewater Company, to the Chesapeake and Ohio Railway Co., to the Virginia Navigation Company and the Governor of Virginia for their assistance and co-operation in building a macadamized road

Resolution adopted

The Supervisors of the County of

James City State of Virginia, have appointed inspectors to examine the cattle of this County for the purpose of detecting the presence of tests which transmit Southern Cattle fever and to enforce the necessary disinfection of animals and premises under the rules and regulations of the State Board of Control and the laws of Virginia in cooperation with representatives of the Bureau of Animal Industry of the U S Department of Agriculture;

All cattle and premises known to be infected with fever tests have been quarantined according to law and will be kept in quarantine until released by written order issued by the State Veterinarian of Virginia with the approval of the Chief of the Bureau of Animal Industry;

We hereby agree to maintain the suspicion and control of quarantined cattle and premises in this County necessary to prevent the unauthorized movement of cattle thus quarantined and also to prevent the admission into this County of any cattle from any adjoining Counties and States within the modified quarantined area.

In view of the above, and because of the further fact that the U S Department of Agriculture will release the said County of James City from the federal quarantine, if the action requested in the petition

be taken by the State Board of Control
 or, the said Supervisors, do petition
 the State Board of Control to cause
 the County of Linn Co. to be re-
 leased from quarantine in order
 that infectious cases may be
 moved without restrictions.

Upon the report of Dr. J. C. and
 Dr. H. H. Stephenson of the Committee
 the effect that the jail building for
 the County of Linn Co. and City
 of Wellman, built under Con-
 tract with the B. F. Smith & Son
 Construction Company of Washington
 D.C. dated the 26th February, 1906,
 has been completed and accepted
 by the proper authorities of said
 County and City, in accordance
 with the terms of said Contract,
 and that the Committee proportion
 of the cost of said jail amounts
 to the sum of \$2313.⁰⁰ It is moved
 and carried that the said report
 of said Committee be, and the same
 is hereby confirmed.

And it being the sense of
 this Board that the sum of \$2313.⁰⁰
 should be paid in cash, and the
 balance upon a credit of one and
 two years as provided for in said Contract.

It is moved and carried that an
 order on the Disposition for the sum
 of \$2313.⁰⁰ be issued and delivered to the
 said Contractor, and two notes for the
 sum of \$1000.⁰⁰ each payable in one

and two years from Nov 14th 1906
with interest thereon from said
Nov 14th 1906 payable annually
be duly made. Signed

And it appearing that said Contractor
has assigned the balance of the contract
price for said job to wit \$2000.00 to the
Peninsula Bank of Williamsburg, Va.
It is therefore ordered that said Procs
be delivered to the Peninsula Bank

This day came the Chesapeake
and Ohio Railway Company,
a corporation by its attorneys,
and its engineers, and submitted
to the Board of Supervisors its
plans and blueprints of an over-
head bridge to be constructed
by said Railway Company in the County

Road leading from Snythfork to Williamsburg where the said road crosses the said Railway near Snythfork and about a half of a mile east of said station and the said Railway Company further submitted to the Board of Supervisors its proposed change in said County road as shown on said plans and diagram to furnish a convenient and proper approach to said bridge and to change said County road as shown on said plans and diagram to the extent therein shown. As to construct said crossing at right angles with said Railroad right of way and then cross the same that is the Board of Supervisors a certified copy of the order of the Board of Supervisors of the County of York adopted February 14-1907 with reference to the matter and with plans and diagrams attached and set appearing to the Board of Supervisors that the said plans and diagrams of said overhead bridge are proper and safe, and the character of work to be done on said overhead bridge is satisfactory to the Board, it is ordered that the said plans and diagrams in so far as they relate to the overhead bridge and the character of work to be done on said overhead bridge be adopted and approved except that the said shall be not less than 18 feet in width. But the said Board does

Not now pass upon the plans and designs in so far as they relate to the location and approach to said bridge, on the character of the work to be done on said approach nor does the Board now pass upon the proper change of Conn's road shown on said plans and diagrams or the temporary diversion of road referred to in the order of the Board of Supervisors of York County - of which all of which matters not passed upon herein are continued to be adjusted at the adjourned meeting of the Board of Supervisors to be held at Town March 7th 1907

Whereas, it has come to the knowledge of this Board that there were probably be established at or near Williamsburg, a school for the higher education of girls from which scholarships may be obtained upon satisfactory terms, and

Whereas in the opinion of this Board such scholarship would promote the cause of Education
Now, Therefore, It is moved and carried that the sum of One Thousand (\$1000.00) Dollars last year for a period of five years be, and the same is hereby appropriated for that purpose out of the

County School Funds, to be placed at the disposal of the County School Board of the County of James City, to be used by said School Board in such manner and for the purpose, or acquisition of such scholarships, on such School and upon such terms and conditions as to said Board may seem best.

Present

Dr Will Stephenson Wm Lee and
J R Bush

This day came again the Chesapeake and Ohio Railway Company, a corporation by its attorneys and Civil Engineer and submitted to said Board of Supervisors its plans of temporary diversion of the public road called the main stage road from Williamsburg to Richmond just north of Jodas where the same is intersected by the new charged road of said Railway Company as now being constructed, said diversion of said public road being made necessary by the location thereon of an overhead bridge across the right of way of said Company. Where said bridge has been heretofore agreed upon and it is ordered by the Board that said public road may be diverted as follows. That is to say, from the time that the said Company begins to work on its right of way where the same is intersected by said County road, the public road of record and travel thereon may be diverted for a time not to exceed four days on the right of way of said Company

west of said crossing, and thereafter the said coming road and tunnel therein may be diverted east of said crossing north to exceed one hundred feet from said crossing, and where said temporary road so permitted east of said crossing ~~crosses~~ crosses the right of way of said Railway Company a good substantial and safe bridge shall be constructed not less than eighty feet in width, so as to afford a convenient way across said right of way, and it is ordered that said Railway Company shall erect, place and open for travel at the crossing first mentioned the overhead bridge herefore agreed on and work therein and incident thereto to be constructed ~~work~~ within a reasonable time and by the exercise of due diligence and reasonable dispatch. Hereafter the said temporary road and bridge hereabove mentioned to be abandoned and discontinued,

This day came again The Chesapeake & Ohio Railway Company, by its attorney and Civil Engineer, and submitted to the Board of Supervisors its amended plans and diagrams of an overhead bridge to be established by said Railway Company for a public crossing in the coming road leading from Snydelfork to Williamsburg where the said road

crosses the said railway near Slight-
fort, and about a half of a mile
East of said Station, And the said
railway company further submitted
to said Board of Supervisors its proposed
change in said County road as shown
on said Amended plans and diag-
ram to provide easy convenient and
proper approaches to said bridge, and
to change said County road as shown
on said Amended plans and diagrams
to the extent therein shown so as to
Construct said crossing at right
angles with said railroad right
of way

And it appearing to the Board of
Supervisors that the said plans and
diagram of said overhead bridge
had been heretofore agreed on, and
that the location of said bridge
and other matters pertaining thereto
have been left open for agreement
heron to day And it further app-
earing to said Board that the
location of said bridge and the
approaches thereto, and the plans
and diagrams thereof as submitted,
by Amended plans and diagrams
Are proper and safe and the Char-
acter of work to be done on said Struc-
ture, road and approaches are satis-
factory to said Board of Supervisors,
it is ordered that the Amended
plans and diagrams, and the
Character of work on said structure
road drains and ditches are satis-
factory to said Board of Supervisors

and the same are adopted and approved and full legal authority and power is given to said Railway Company to construct said work and bridge in pursuance of the said annexed plans and diagrams submitted and filed with this Board of Supervisors this day, and which said annexed plans and diagrams are made a part of this order, and the said Railway Company is further given full right & charge said County road on the same course said railway at grade to conform with said annexed plans and diagrams here shown, provided however that before the old County Road as it now exists shall be permanently closed, the changed road as proposed to be constructed shall be established in as good condition as the old County road.

But full power, authority & permission is hereby given to said Railway Company for the purpose aforesaid to construct further a temporary road as shown on plan or sketch of Division Engineer and filed with a Certified Copy of the Board of Supervisors of York County adopted February 14-1907 and Certified to this Board, and when the said temporary road is established and opened for public travel, the said Railway Company is given permission to close the said

and the same are adopted and approved and full legal authority and power is given to said Railway Company to construct said work and bridge in pursuance of the said annexed plans and diagrams submitted and filed with this Board of Supervisors this day, and which said annexed plans and diagrams are made a part of this order, and the said Railway Company is further given full right & charge said County road on the same course said railway at grade to conform with said annexed plans and diagrams here shown, provided however that before the old County Road as it now exists shall be permanently closed, the changed road as proposed to be constructed shall be established in as good condition as the old County road.

But full power, authority & permission is hereby given to said Railway Company for the purpose aforesaid to construct further a temporary road as shown on plan & keep up division signs and file with a Certified Copy of the Board of Supervisors of York County adopted February 14-1907 and Certified to this Board, and when the said temporary road is established and opened for public travel, the said Railway Company is given permission to close the said

County road between the Kentucky and Kentucky boundaries of the Railroad right of way and the said temporary road shall be maintained until the changed road shown on the amended plans and diagrams and the overhead bridge thereon are constructed and opened for travel by the public; after which said temporary road shall be abandoned, and the old County road as the same now exists at the present crossing shall thereafter be discontinued and the new changed road as shown on said amended plans and diagrams shall be thereafter the County road as proposed in the said amended plans and diagrams. The new changed road shall be constructed as to approach the above said overhead bridge at the grade for many to wit; not to exceed four feet per one hundred feet; and it is provided further that the approaches to said bridge shall on both sides be graded to a point where the grade does not exceed two feet above adjacent ground, and the said approaches shall be maintained by said Railway Company or the same are to be graded by said Company with six inches of Macadam of crushed

Along from the bridge to a point where the fence is not more than two feet above the adjacent ground, and shall thereafter be maintained by the County; the new changed road on this Court side shall be so constructed as that the center line of the same shall intersect the center line of the old road at a point not less than two hundred feet from the South side of the right of way measured along the center line of the old road, and it is provided further that said Overhead bridge and the changed road shall be established and opened to the public for travel not more than four months from the time that the temporary road or road is opened to the public for travel; it is further provided that the expense of construction of road and the changes required herein and all damages resulting therefrom shall be borne by the said railway Company.

The Overhead bridge herein referred to shall be maintained by the Railway Company, and notice is given to the Board of Supervisors of York County of the necessity of the construction of the aforesaid Overhead bridge and the Clerk of this Board is directed to send a certified copy of this order and the order

entered by this Board the second day of March 1907 with subject copies of the amended plans & diagrams herein referred to, to the Clerk of the Board of Supervisors of said County of York. The other plans attached to the order of the Board of Supervisors being adopted with the changes shown at this and the preceding order. And it is ordered that the plans and provisions hereof shall upon their adoption hereby by the Board of Supervisors of York become operative and binding.

The attention of this Board being called to by letter, to the disregard of the quarantine of cattle in Jamestown district. It is the order of this Board that the letter be referred to the attorney of this Board for such action as may seem necessary, and directed by law.

The petition of Moses A. Patis and others for permission to construct a telephone line along the main road leading from Parkersville to Frodo was permitted examined discussed, and

The Board being of opinion that applicants not having complied

with the requirements of the Statute
Set out in Sec 1294, Code 7th 1904
with refuse to grant said applica-
tion.

The account of Chas F Hauger
for repairs on Jail Locks amount-
ing to \$15⁰⁰ was presented, by letter
of H W Cole (member of Jail Committee)
and 1/2 of said account that being
the part due by this County is
ordered paid

until the next regular meeting

H H Appleson,
Chair,

At a meeting of the Board of Supervisors of James City County, held at the Court-house thereof on Monday March 25th A.D. 1907

The Present:

Dr W. W. Stephenson, and Dr. L. L.

The attention of this Board having been called to the fact that on the construction of the macadamized road leading from Williamsburg to Jamestown, and in the course of construction, a distance of more than one mile can be saved by establishing a new road leading from a point at or near where the road leading to Turkey Fork intersects with the road leading to Deep Run Pond to a point at or near where the new road at or near Neck of Sand Farm established by an order of this Board entered on the day of October 1906, conforming the report of H. J. Armstrong, J. R. Bellamy, R. H. Gellman and W. B. Burns, establishing a new road leading through Neck of Sand Farm, and

Whereas it is represented to this Board, that in the event of the new road being established as above mentioned thereby lessening the distance, that additional subscriptions sufficient to cover

the increased cost of the proposed road will be made.

Therefore, in the opinion of this Board it is necessary to examine into the establishing of such new road, one consideration, whereof the Board doth hereby appoint - Benj S Scott, James H. Sanders, Thos. P. Whitcomb, John Taylor and Abner See residents freeholders of the County of James City, any three or more of whom may act, to examine the route hereinafter mentioned, and report the expediency of establishing such new road.

The said persons shall, as early as possible practicable, after receiving a copy of this order as hereinafter provided, proceed to make a view and they may examine other routes and locations than that proposed and if they are of the opinion that there is a necessity of establishing such new road they shall locate the same, return a map or diagram thereof with the report, make report to this Board, stating their reasons for preferring the location made; the conveniences and inconveniences that will result as well to individuals as to the public; whether such road will be one of great more private convenience as to make it proper that it should be opened, expeditiously established

and kept in order by the person or persons for whose convenience it is desired; Whether any yard, garden or orchard will have to be taken, the names of the land owners on said route; what of said land owners require compensation, what will be a just compensation to the land owners requiring compensation for the land so taken and for the damages to the residue of the tract if any, beyond the peculiar benefits to be derived in respect to such residue from the road to be established; and all facts and circumstances in their opinion useful in enabling this Board to determine the expediency of establishing the road; and they shall file such report with the Clerk of this Board, on or before the 1st day of April, 1907, which has been fixed upon as the next meeting of this Board.

In the event that some of the land owners do not require compensation, and they will execute written consent giving the right of way in question the said names shall obtain same and deliver it with their report.

It is ordered that a copy for each of said vendors of this order be furnished the Sheriff of this County by the Clerk of this Board, to be by him served upon said vendors,

The following accounts were presented examined allowed and ordered certified to the Treasurer for payment, to wit:

This day the Chairman of this Board laid before the Board of Supervisors a list of railroad canal telegraph and telephone companies within the County of Jamesbury together with the number of miles of said railroads canals telephones and telegraphs and the assessments made therein by the said corporations. Commission. And the Board having checked over and compared said lists and assessments ascertained the same to be correct and orders a certified copy of this then finding to be certified to the Clerk of the Corporation Commission.

It is the order of this Board that the Clerk draw an order of the Treasurer of this County in favor of the Williamshurst Jamesbury Macadam Road Fund same being the 2nd appropriation made by the Com^y of \$500.00 and that same be paid in The First Bank to credit of said Fund.

 ing and building such bridge
 and cause-way; the conveni-
 ce and inconvenience that
 will result as well to indi-
 viduals as to the public;
 whether the said bridge and
 cause-way will be of such
 more private convenience as to
 make it proper that it should
 be established and built and
 kept in order by the person
 or persons for whose con-
 venience it is desired.
 Whether any yard, garden
 or orchard shall have to be
 taken the name of the land

owners are paid for it; what of such land owners require compensation; what will be a just compensation of the land owners requiring compensation for the loss of water, and for the damages to the residue of the tract if any beyond the peculiar benefits to be derived in respect to such residue from such bridge and causeway to be established all other facts and circumstances in their opinion useful in enabling this Board to determine the expediency of establishing and building such bridge and causeway.

In the event that some of the land owners do not require compensation, and they will receive within consent giving the right of way in question, the said referees shall obtain same and return with their report.

The said view to be made upon the theory that the County of Oswego will concur in the opinion of this Board, and bear half of the expenses of establishing and building such bridge and causeway, to be determined by Commissioners to be hereafter appointed by this Board in accordance with law.

It is further ordered that a copy of this order be furnished the Sheriff of this County by the Clerk of this Board and by him put in one each of said rooms herein appointed.

In the matter of re-establishing lines of the Main Road near Frank. This matter came on this day to be again heard upon the papers formerly read and upon the report of George E. Watkins, F. C. Stewart, C. W. Martin, M. A. Warren,

and John W Minor were appointed under orders entered hereon on the first day of June, 1907 and on the 22 day of June, 1907, dated August 2nd 1907, together with a map traced by W. G. Brown, from a map of survey made Benjamin S. Scott of March 7, 1906 also dated August 2nd 1907, which said map and report are this day filed, and to which report there are no exceptions taken.

On consideration whereof this board doth adopt and confirm said report and map, and it appearing from the same that the main road leading from a point where the main stage road from Williamsburg to Richmond intersects with the road leading to Churchtowny Church to Keokoy Neck Academy, was originally forty (40) feet wide and that all of said roads within a mile of where the Forge Road intersects with the said main stage road, with the exception of the last above mentioned road were thirty (30) feet wide.

On consideration whereof this board doth ascertain and declare, and doth hereby order that all roads within a mile of said starting point be, and the same are hereby made a uniform width of thirty (30) feet, except that the said main stage road leading from where same

interests with the road leading to Chukahomny Church, to Herring Neck Academy, be and the same is, hereby made a uniform width of forty (40) feet.

And it further appearing from sworn statement that George Elwathip & C. Stewart and A W Martin served two days each as creek runners, and that M S Warren and John W. Minor served one day each.

On consideration whereof it is ordered that an order be drawn for said Geo Elwathip & C Stewart and A W Martin each for the sum of four (\$4.00) dollars for two days service and mileage, and that an order be drawn for said M S Warren and John W. Minor each for the sum of two (\$2.00) dollars, attendance and mileage.

And that an order be drawn for said W G Brown for his services as surveyor in ascertaining said lines and making said map in the sum of five (\$5.00) dollars.

And it be further ordered that said map and report be filed as a part of the records of this office for future reference.

It appearing from the report of P. J. Cowles, J. W. Harris, G. W. Stewart, F. C. Stewart and Geo. Stewart Viewers appointed by an order entered by this Board on March 23^d, 1908, this day filed, that a certain strip of land owned by John Hubbard on the East side of the public road, where the Randal Woodward Bridge road intersects with the Wales Bridge Road, is required, and is necessary for the use of the public in order to widen the public road at that point.

And it further appearing from said report that twenty five dollars will be a just compensation to the said John Hubbard for the land so taken, and for the damage to the residue of his tract beyond the peculiar benefits to be derived in respect to such residue, and it further appearing that the said John Hubbard is willing to accept the said sum of twenty five dollars in full payment for said land and such damage, this Board therefore deems it unnecessary to issue process. But this Board

being of the opinion that said road should be rechartered, and that the said sum of twenty five dollars is just compensation to the said John Hubbard and for the land proposed to be taken and the damages accruing therefrom, both at ridge, order and decree that said road be, and the same is, hereby reestablished and ordered in accordance with said report, and that an order be drawn on the depositors, in favor of the said John Hubbard, for the said sum of twenty five dollars and for all costs incurred in this proceeding.

It is the order of this Board that J. H. Gentry clerk draw on the deposit fund for \$251.07 to be deposited in the San. Bank to the credit of the Court house repair fund.

At a meeting of the Board of Supervisors and the officers of said board held at the Court house of the County of Larimer on Monday June 24th 1908.

The following preamble and resolutions was offered and adopted.

Whereas it has been brought to the attention of this Board and its officers that D. W. Mauston the late Chairman of this body has been compelled by reason of his health to resign his position as a member of this body, and that the Hon. D. S. Tyler has seen fit to appoint D. W. Mauston, son of said D. W. Mauston to fill the vacancy

him of his father, and
 whereas the continued
 misrepresentation of the said D.W.
 Marston is a source of regret
 to those associated with him
 in the discharge of the various
 duties imposed upon said board
 and its officers
 Now therefore be it resolved
 that the heart felt sym-
 pathy of each and every member
 of this board of and the officers
 thereof, be and the same is
 hereby extended to the said D.W.
 Marston, with the wish for
 his speedy recovery to his nor-
 mal good health and strength,
 and that the high appreciation and
 esteem in which he is held for his
 valuable work and worth as a
 member and as Chairman of said
 board, be and the same is hereby
 expressed which value and worth
 is further evidenced by the
 appointment of his son as his
 immediate successor

Resolved further, that this pu-
 blic and resolution be spread
 upon the records of this meeting
 and a copy furnished the
 said D.W. Marston by the clerk of
 this board

The meeting then adjourned until
