Bond of Treasurer:

"WHEREAS, it being brought to the attention of this Board that the last General Assembly amended Section 2698 of the Code of Virginia relating to the bonds of County Treasurers and by virtue of said amendment the minimum amount of the penalty of such bonds was placed at thirty per centum of the amount to be received by them annually, and

WHEREAS, the penalty of the bond of the Treasurer of this County is now greatly in excess of the minimum requirements, which necessitates the payment of a greater premium, and being of the opinion that a bond for such sum as will not be less but will approximate thirty per centum of the annual receipts by her will be sufficient for the protection of the State and County:

WHEREFORE, BE IT RESOLVED, that this board go on record as favoring such decrease in the penalty of said bond, and that a copy of this resolution be furnished to the Hon. Frank Armistead, Judge of our Circuit Court, and that another copy be furnished the Common Council of the City of Williamsburg."

W. Moore, B. E. Steel and R. P. Wallace, the Viewers appointed to view the said part of said road, having duly filed their report, in writing, report that no inconvenience will result from discontinuing the same; and it further appearing to the Board that the land proprietors along the portion of said road as is proposed to be discontinued, have been duly notified, and after hearing further evidence in support of said application, the Board doth order that the following portion of the old County road leading from Williamsburg to Jamestown be, and the same is, hereby vacated and discontinued; commencing at a point East of Jones' Pond dam, where the said road intersects the southern line of the right of way of the New State Highway, and running thence in an easterly direction, South of said new State Highway, in front of the properties of W. T. Hodges, College of William and Mary, et als., to the point where the said road adjoins the Southern right of way of the new Jamestown Williamsburg highway, near, or at, the corporate limits of Williamsburg, Virginia; and it is further ordered that the costs of this proceeding, as taxed by the Clerk of this Board, shall be paid by the applicant, W. CHAIRMAN.

At a meeting of the Board of Supervisors of James City County, held at the Courthouse, in the City of Williamsburg, Virginia on the 13th day of February, 1932, the following resolution was introduced and unanimously adopted:

Present: G. A. Marston, Esq. Chairman
J. B. Vaiden, Esq.
P. H. Richardson, Esq.

WHEREAS, it has come to the attention of this Board that a bill will shortly be introduced in the General Assembly, for the purpose of making effective the 'Byrd Plan' whereby the State will take over for maintenance all county roads, the cost of which will be paid for out of that portion of the gasoline tax which is now allotted to the various counties; and

WHEREAS, this Board is of the opinion that the Boards of Supervisors of the counties are in a much better position to know their local road problems, and the needs of their local communities; and,

WHEREAS, we are of the opinion that the Boards of Supervisors are also in a much better position than the Highway Commission to give sympathetic consideration to the road problems of their respective localities; and

Whereas, the county of James City, as well as many others, has heretofore issued bonds for the purpose of putting their roads in good condition, and now have their roads in such condition as would cost the State very little, compared with the costs of taking over and maintaining the roads of other counties that have not issued bonds for this purpose; and

Whereas, we do not believe that equity can be assured between those counties that have brought their road systems up to a high degree of perfection and those counties that have poorly maintained their roads and have no bond issues outstanding; and

WHEREAS, we are of the opinion that should the 'Byrd Plan' be adopted some provision should be made for taking over the outstanding bonded road indebtedness of the various counties;

NOW, THEREFORE, BE IT RESOLVED that we go on record as opposing the so-called 'Byrd Plan', for the reasons above stated; and be it further resolved that copies of this resolution be forwarded to Senator Clyde W. Saunders, the Hon. Ashton Dovell, Governor John Garland Pollard, and to the Boards of Supervisors of Charles City, New Kent, York, Warwick, and Elizabeth City counties.

Re: Jamestown Road Warrant for
\$1800.00 returned from
Highway Department.

A letter dated May 5, 1932, from Mr. C. S. Mullen, Chief Engineer of the Department of Highways returned the warrant for \$1800.00 issued on the second day of May, 1932, the department having decided not to do the proposed work in regard with the resolution adopted by this Board on the 2nd day of May, 1932,

The said letter, warrant and certified copy of the resolution is ordered filed.

Mr. H. G. Shirley, Commr.
of the Department of Highways,
Richmond, Virginia.

Dear Mr. Shirley:

Your letter of the 21st of April last addressed to the Board of Supervisors of James City County, has been officially acted upon by the Board of Supervisors at a meeting held this day and you are hereby notified that the valuation as placed on the road machinery, that is, \$2060.00 is acceptable to the Board with the exception of the valuation of \$225.00 placed on the RUSSELL STANDARD NO. 2. GRADER.

This grader is only about twelve months old and has had very little service and we are of the opinion that it should be worth at least \$500.00. We would appreciate you having this re-valued, in as much as we are informed that petitions are being circulated in this County for the purpose of having an election held, whether or not the County will remain in the County Road System, so acceptance of the valuation is of course conditioned upon the action of the qualified voters, at an election, if held; it is further understood that should the minimum number of qualified voters fail to sign the petition by the first day of July, than in that event, the valuation as placed are acceptable to us, with the exception of the item as above mentioned.

Respectfully,

(Signed) G. A. Marston, Chairman.

On motion of J. B. Vaiden, unanimously adopted, the offer submitted by or on behalf of the Congoleum Mairn Co. to cover the court room floor with linileum according to samples submitted, be, and the same is hereby accepted, subject however, to the similar action of the Common Council of the City of Williamsburg at its next regular meeting. The pattern and color to be selected by the Council by and with the concurrence of Judge Armistead.

The report of Miss Mabel Massey, Home Demonstration Agent, for the quarter ending May 31, 1932, was presented, read and accepted by the Board and ordered filed.

Mrs Jesse Dimmick and Mrs D. Warren Marston, of the James City County Well-fare Committee, appeared before the Board, discussing the possibility of handling all money appropriated for the Poor by the County. No action was taken by the Board and the Committee will take the matter up direct with the Supt. of Poor and the over-seers of the Poor.

G. A. Marston, Chairman

A joint meeting of the Common Council and the Board of Supervisors was held at the Council Chamber on Thursday, November 17, 1932, with the following members present:

J. G. Warburton, Esq. President of City Council.
A. W. Hitchens, Esq.
J. A. Luttrell, Esq.
V. M. Geddy, Esq and
Dr. D. J. King.

Mr. G. A. Marston, Chairman of the Board of Supervisors.
Mr. J. B. Vaiden and
Mr. P. H. Richardson.

Mr. G. A. Marston was nominated Chairman of the meeting.

Mr. Kenneth Chorley on behalf of the Williamsburg Holding Corporation and Colonial Williamsburg, Inc., called to the attention of the joint meeting the previous action taken by the committee under the contract for conveyance of the old courthouse designating the public use for the old courthouse as that of a PUBLIC LIBRARY and requested the joint session to reconsider its action in this connection and in support of this request stated that since the old courthouse building has been rebuilt, they were of opinion that a library was not the best public use to which it could be put, and that in order to meet the needs for Library facilities in Williamsburg they were willing and did offer the building at the southwest intersection of England and Francis Street under a lease to the Library at \$1.00 per year for a five (5) year period from this date with an option to the LESSEE to renew at the end of the term for a further period of three (3) years. That they would equip the building as a Library by the installation of suitable fixtures, that at their expense they would install a heating system and connect the same with the courthouse heating plant, also connect the water line, this latter connection of the water, heat and electric light line to be with the authority and approval of this joint body, and that this offer is effective with the approval of the library Association of this joint body and on the further condition that the old courthouse be released for some other PUBLIC use other than that of a LIBRARY.

Miss Ann Chapman, Chairman of the Library Committee, Mrs Southgate, President of the Civic League, Mrs Krebs, Chairman of Civics Committee and Jeannette Kelly, stated to the joint session after hearing the offer made by Mr. Chorley that the approval was satisfactory to them.

Whereupon it was moved by Mr. P. H. Richardson that the joint session reconsider its action heretofore taken in equipping the old courthouse for a public library and that it remain for some other public use and further that the joint bodies accept the offer of Mr. Chorley, and that they agree for the period of the lease to the Library or so much of said period as the library shall occupy said building that it may have a hook up for light, water and heat service with the courthouse building and that the Williamsburg Holding Corporation be, and is hereby authorized to enter upon and do all necessary work in connection with the laying and connecting of water, heat and light lines in accordance with plans contemplated by Mr. Chorley's offer, and further that the lease be negotiated between the owners and the LESSEE carrying out the provisions of this resolution be subject to the counsel of the respective bodies.

The vote being taken on the foregoing resolution resulted in the unanimous adoption of same.

On motion of Mr. V. M. Geddy it is agreed that during the occupancy of the building at the southwest intersection of England and Francis Streets by the PUBLIC LIBRARY that the City and County jointly furnish heat, light and water necessary for the operation of the same provided that at the prevailing rates existing in the City of Williamsburg the total aggregate sum shall not exceed \$100.00 in any one year.

Mr. V. M. Geddy and Dr. D. J. King, appointed a committee to investigate the condition of the jail, reported that the jail was in a very sanitary condition and that the prisoners were supplied with a liberal supply of wholesome food.

Motion duly made and carried that the committee have the jail rules printed and posted in each room of the jail.

The Chairman then appointed Mr. V. M. Geddy and Mr. J. B. Vaiden a committee to see that the jail is kept in a sanitary condition.

On motion the meeting then adjourned.

G. P. Marston Chairman.

A meeting of the Board of Supervisors of James City County, was held at the courthouse thereof, on Monday, October 4, 1933, with the following members present.

Geo. A. Marston, Esq. Chairman,

P. H. Richardson, Esq.

J. B. Vaiden, Esq.

The minutes of the preceding meeting was read and approved.

The following letter was addressed to the Division of Motor Vehicles, Richmond, Va.

Division of Motor Vehicles,
State Office Bld'g.
Richmond, Virginia,

Dear Sir:

It was brought to our attention that during the last two weeks wholesale arrest have been made in this County of persons who for the first time have been charged with failing to have in their possession a drivers permit as required by law, although in most of these cases permits had been obtained by the persons in question, but in spite of this fact a fine was imposed in each instance, in as much as we are of the opinion that the real purpose of the law requiring these permits is to prohibit irresponsible persons from operating automobiles on public highways, and

Being further of the opinion that the purpose of the law has been fully realized when the permit has been actually obtained, we are taking this means of registering our protest against the policy pursued by your department in instructing your officers to have warrants issued and to ask for convictions in all of these cases where the permit is not in the possession of the driver, regardless of the fact that it had been issued. We believe that such action is both intolerant and unnecessary especially considering the present day burden that we are all carrying.

We trust that this letter will be received in the spirit in which it is written since we feel confident that in spite of the policy adopted in this instance, you likewise have the welfare of the people at heart.

Very truly yours,

Co.
Board of Supervisors of James City

G. A. Marston, Chairman,

J. B. Vaiden,

P. H. Richardson,

The following resolution was unanimously adopted.

Whereas, it has come to the attention of this board that the resolution adopted at the July meeting requesting the State Highway Commission to take into its Secondary System of Highways, the Bush Neck Road, has been rejected by the Commission for the reason that there were no funds available, and

Whereas, the Board being of the opinion that the said road should be taken into the Secondary System of Highways, for the reason that the children living on said road cannot secure transportation to and from their school, except over roads embraced within the State Highway System, and

Whereas, the Board have been informed that the sum of \$400.00 has been allocated for the construction of Texas Avenue C-627 and that by reason of the recent installation of a sewer line down the middle of the street, it will not be advisable to attempt the construction contemplated at the time the allocation was made.

Now, Therefore, Be It Resolved, that the State Highway Commission be hereby requested to divert from the said sum of \$400.00 as allocated as aforesaid a sufficient sum to cover the costs of putting the Bush Neck Road into such condition as will enable the school Bus to pass over the same during the present school year, the costs of which has been estimated at approximately \$200.00, and

Be It Further Resolved, that the State Highway Commission be again requested to take the said road into its secondary system of highways.

The Clerk of this Board is directed to certify a copy of this resolution to the State Highway Commission and to Mr. R. E. Duval, Resident Engineer.

On motion the meeting then adjourned until the next regular meeting.

Parking space at courthouse.

The Board after giving due consideration to the proposal that parking be prohibited in front of the courthouse on Francis Street and on that section of England Street as lies between Duke of Gloucester and Francis Street, decided that the inconvenience that would be caused to the public in spite of any additional parking area would not be justified by the benefit to be derived therefrom but appreciating the fact that this board probably has no authority in the regulation of traffic on the streets of Williamsburg no further action was deemed necessary to be taken.

P. H. Richards Chairman

The regular meeting of the Board of Supervisors of James City County was held at the courthouse thereof on Monday, June 1, 1936, with the following members present.

P. H. Richardson, Chairman,
J. B. Vaiden,
H. E. Hailey,

The minutes of the preceding meeting was read and approved.

On motion of J. B. Vaiden, it was unanimously resolved, that the funds allocated to this County for use on the Secondary Roads be first used to re-condition the roads that were damaged during the winter and a sufficient portion of the balance, if any, then remaining be used for the purpose of constructing and repairing Brick Bat Road, if, and when taken into the Secondary System of the State Highway Commission, and

It is ordered that copies of this resolution be forwarded to the Resident Engineer and to the State Highway Commissioner.

Motion duly made and carried, that Dr. Waters use the jury room when not being used by the court as his office.

The Board of Supervisors having had brought ot its attention the situation with reference to the causeway over Wares Mill Pond, which causeway is partly in James City City County and partly in York County, and the causeway over Newman's Pond, which is also partly in Bruton District of York County, and over each of which causeways there is a connecting link of secondary highway, and it further appearing that Ware's Mill Pond is a short distance up stream from Newman's Mill Pond, and that it is not possible to protect Newman's Mill Pond causeway from excessive high water unless Ware's Mill Pond causeway is sufficiently strengthened to prevent the upper dam from breaking in a storm and thereby throwing the entire body of water against the lower causeway.

And it further appearing that during the repeated high water of the last few years, that the break of the upper dam and consequent break of the lower dam has occurred at least three times without any sufficient action being taken to prevent further like occurrences.

Now, therefore, this Board recommends to the State Highway Commission and ot its engineers, that an inspection be made of conditions above recited, and that the Department do what is necessary to prevent a re-occurrence of the breaking of the said causeway, and,

Be it further resolved that in the opinion of this Board the best results can be obtained by sufficiently elevating and strengthening the causeway over Ware's Mill Pond, so as to protect the Newman's Mill dam from a possible break of the upper dam.

Both of these causeways form connecting links in highways of considerable convenience and travel to the general public, and the repeated washouts of same are especially inconvenient and troublesome.

Be it further resolved that a copy of this resolution be certified by the Clerk of this Board to the State Highway Commissioner and to the Resident Engineer.

This action of the Board is conditioned upon the Board of Supervisors of York County concurring in this resolution.

Resolution of Participation in State Public Assistance Program.

It appearing under the said Act that the said County of James City is entitled to the sum of 1481.54 for the year beginning July 1, 1936, provided the said County of James City appropriates the sum of \$ 1481.54 to match said state allowance, be it, therefore, resolved that the sum of \$ _____ be, and the same is hereby, appropriated to provide for destitute persons in need of public relief and the same is hereby segregated to match the said state allowance to be expended in the manner provided by said Act and the Rules and Regulations adopted pursuant thereto. Chairman

A joint meeting of the Boards of Supervisors of James City County and York County was held at the Courthouse in Yorktown, Virginia, on November 22, 1940.

Present: - York County Board

D. A. Powers, Chairman
J. F. Smith
R. E. Hunt
A. J. Renforth
and R. Nelson Smith, Attorney for the Commonwealth

James City County Board

P. H. Richardson, Chairman
H. E. Hailey
J. B. Vaiden
and B. D. Peachy, Attorney for the Commonwealth.

On motion duly made, seconded and unanimously adopted, Mr. P. H. Richardson was elected Chairman of this meeting.

Mr. R. Nelson Smith, Chairman of the Legal Defense Committee reported

that his committee had met and recommended that the Boards consider the employment of one of the hereinafter named attorneys in the order named, viz: Thomas B. Gay, Richmond, Virginia; John Randolph Tucker, Richmond, Virginia; and Lett, Murray and Ford, Newport News, Virginia. The report of said committee was received and is herewith filed.

Thereupon, on the motion of A. J. Renforth, seconded by J. B. Vaiden and unanimously adopted, the Legal Defense Committee was instructed and empowered to employ one of the said attorneys at a fee not exceeding Fifteen Hundred Dollars (\$1500.00) to cover his services through one trial of the contemplated annexation proceeding in the Circuit Court with the understanding, however, that should a compromise be effected before the hearing of the suit, the attorney shall be paid a reasonable fee instead of the full fee of \$1500.00.

On motion duly made and unanimously adopted it was agreed between the two boards that the fee of leading counsel should be divided equally between them.

B. D. Peachy, Attorney for the Commonwealth of James City County reported that in view of the attitude of the Council of the City of Williamsburg, he would be unable to represent James City County in the annexation proceeding, and thereupon, on motion of H. E. Haley, seconded by J. B. Vaiden, the resignation of B. D. Peachy from the Legal Defense Committee is accepted, the vacancy to be filled by the employment of some other attorney by the Board of Supervisors of James City County, with the understanding between the Boards that the attorney so employed by James City County shall automatically become a member of the Legal Defense Committee.

It was stated by the members of both Boards present that it was the understanding of the Boards that Mr. Nelson Smith, Commonwealth Attorney for York County, is to be paid by the York County Board and that the attorney employed by James City County shall be paid by the James City County Board, their fees to be agreed upon between the respective boards and their attorneys.

There being no further business, the meeting was adjourned.

 Chairman

The regular meeting of the Board of Supervisors of James City County, was held at the courthouse thereof on Monday, July 3, 1944, with the following members present.

Mr. J. B. Vaiden, Chairman

Mr. P. H. Richardson

Mr. W. C. Martin

The minutes of the preceding meetings were read and approved.

Miss Mable Massey, Home Demonstration Agent appeared before the Board and introduced to the Board Miss Ellen C. Minor of Lightfoot, Miss Lucile Cooke of Norge and Miss Jacqualeene Moody of Toano and they each expressed to the Board their appreciation for their making it possible for them to attend meetings at Blacksburg for a few days and each gave a brief history of their work there, were full of enthusiasm and praise for the Board and each wished to return next summer.

Motion duly made and unanimously carried that we appropriate \$120.00 beginning July 1, 1944 to supplement the salary of the Game Warden. Said fund to be taken from the fund on hand not otherwise appropriated.

Motion duly made and carried that we appropriate \$3,360.00 to the school fund; \$660.00 to be earmarked for principals salary. Said money to be taken from fund on hand not otherwise appropriated.

The vote being taken resulted in the unanimous adoption of same.

Due to the calling on May the 15th, 1944 of \$17,000.00 HOLC Bonds which were an investment in the County Sinking Fund, the balance in these funds as of June 16, 1944, were as follows:

Jamestown District Sinking Fund	\$9,045.30
Powhatan District Sinking Fund	4,963.10
Stonehouse Dist. Sinking Fund	9,089.50

As the 5th War Loan Drive had not been inaugurated at the last meeting of the Board, the Treasurer after consulting with one member of the Board and the Commonwealth Attorney invested the Sinking Funds as follows:

Jamestown District \$9,000.00 in seven-eighths certificate of indebtedness due June 1, 1945 on which the interest earned will be \$70.20.

Powhatan District \$5,000 in 1½% Treasury notes due March 15, 1947 on which the interest earned will be \$125.00.

Stonehouse District \$9,000.00 in seven-eighths per cent in certificates due June 1, 1945 on which the interest earned will be \$70.20.

Due to the fact that Powhatan District fund lacked \$40.00 of funds to enable that fund to purchase \$5000.00 a loan was made from Stonehouse District Sinking fund of \$40.00 which was to be repaid from interest investments on July 1, 1944 and was then unpaid.

On resolution of Mr. W. C. Martin seconded by Mr. P. H. Richardson duly made and carried, considering the fact that these funds would not be drawing interest unless invested, the foregoing act of the Treasurer is hereby approved.

Whereas an allocation of \$22,810.50 has been made by the Virginia Department of Highways for the maintenance of the secondary system of highways in James

City County for the fiscal year July 1, 1944, to June 30, 1945, and the budget dividing this amount to the various routes has been presented to this board on this date by the Resident Engineer.

Now therefore be it resolved that this budget is hereby approved subject to the deduction or addition of any over expenditure or balance from the fiscal year July 1, 1943 to June 30, 1944.

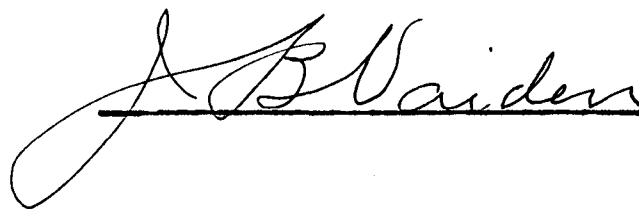

The following accounts were presented, examined allowed and ordered certified for payment.
